John Lamble appeals for volunteer(s)

Indoor roll ups at the Melton Indoor Club will start this year on Monday 5th October. Those interested should turn up by no later than 11.40 a.m. to allow plenty of time to organise rinks. Unfortunately,

circumstances prevent me from being involved until early in the New Year. I am therefore making an appeal for a volunteer to come forward to take responsibility for the first three months of the close Season. I also regret that I am not able to offer to organise the Xmas lunch, held of late at the Syston Conservative Club, following the Monday morning indoor roll up in mid December. We need another volunteer to manage this important event. In my view, it would be a great pity if it were to be discontinued. Apart from being an enjoyable occasion, it contributes in a significant way to keeping Members in touch and our Club spirit alive during the close Season. The traditional raffle also makes it a source of additional revenue for the Club.

I will, of course, be willing to offer help to anyone who volunteers to take over these organisational duties.

All copy for the October Newsletter should be sent to Colin Grimes (systonbowling@btinternet.com) by no later than Wednesday 30th September email: systonbowling@btinternet.com

Lady President's Day 2015 Reviewed by Board Chairman, George Dodge

An impressive turnout for a great day of celebration'

Thanks to Roger Bentley for the photographs

Chairman

Janet Lowe's President's day. The afternoon began with a special match between the Red team and the Black team and the Skips were given a joker to play with. When the joker was played, the opposition had to play left handed. The game was eventually won by the Red team on rink one. We all enjoyed a great afternoon on the green

followed by a sumptuous tea. A wonderful buffet was set out in the new changing room. Everyone agreed that the food on offer was fantastic and thanks must go to all the ladies who worked so hard to produce this magnificent feast. Also to Marjorie Clowes and her assistants for the wonderful flower displays that so enhanced the room. The afternoon concluded with speeches from President Janet and Men's President Ken Renshaw, followed by thanks to everyone concerned and presentation of flowers to the Lady Life Members.

On a personal note, may I add that being Chairman of this Club has its responsibilities and work load with few delights, but to be invited to the cosseted top table of Ladies' President's day celebrations is one of them. I'm sure I speak for everyone when I say how much we value having Janet as a Member. As she mentioned in her speech, we both joined the Club at the same time, being coached by Des and encouraged by all other Members on numerous roll-ups, as we slowly gathered confidence to join a proper game. I've watched Janet having to cope with various health issues and other problems and, in spite of

Men's Catering Manager serves notice

For the past three years I have held the position of Catering Manager for the Men's section, but at the end of the current season I will be standing down. I would like to thank everyone who has co-operated by taking turns in the kitchen, thus ensuring that we provide the best teas possible. I would particularly like to thank all of those ladies who have volunteered their services. Without their help we would not have been able to provide a full tea at every match.

I feel disappointed that the Catering Manager's position has been weakened somewhat by not allowing him full control of what type of meal will be served and when it will be served. The decision of when to serve the teas has been taken away from the Men's Section and given to

the Club's AGM. I would personally express the hope that this decision will be put back to the Men's Section so that they can decide policy for themselves.

I wish my successor good luck and I will give any advice and help he may need.

This is an excellent opportunity for those who were not satisfied with the way I did the job to step forward and volunteer. It is worth pointing out that, by offering a proper tea and charging £3.50, we make a profit of around £2000 per Season, thus keeping our membership fees to a reasonable figure.

Car Parking - Latest developments

The thorny issue of visitor car parking within the boundaries of Central Park, adjacent to the bowling green, continues to rumble on. Members may have read in the August edition of *Syston Town News* that the Council has now decided to withdraw their offer to share with the Club the costs of independent legal advice on the issue, and simply to exercise their (unchallengeable) power to refuse the Club's application to provide visitor parking within the Park close to the clubhouse.

What the report did not make clear is that, following informal legal consultations, the Council has now been obliged to concede that registration of the land as a Village Green does not prevent them from

using their discretion in this matter. There is no legal bar to parking.

A new set of Council representatives has been appointed to the Council/Club Liaison Group and an early meeting of the Group, to discuss a range of matters of mutual interest, can now be expected.

We hope to put forward clear arguments which will persuade the Council that their decision to sustain a visitor parking ban is unreasonable and detrimental both to the Club and the Town itself.

In the meantime, the Club has been given the keys to the gates of Memorial (Donkey) Park with full permission to use the car parking facilities provided there for both weekday and weekend use. While this facility is far from ideal, we can at least guarantee our visitors (Men & Ladies) will have somewhere to park without fear of attracting the attention of Parking Wardens.

BACK TO BASICS

1. Be conversant with the Rules of Bowls
2. Make sure you are gripping your wood correctly
3. Check that when you adopt your stance

on the mat, you are facing the "shoulder" of the arc of the hand you wish to play. Remember to be perfectly balanced and relaxed with knees slightly bent.

4. Make sure that your whole body flows through with your delivery, from the hand that delivers the wood to the back foot that lifts gently off the mat. Avoid stiffness in any part of the movement.
5. Be very conscious of the pace and general condition of the green because your arm and leg movements will be affected by them. *(The faster the green, the more "alive" the wood will become and the more sensitive the touch required. On heavier greens, the grip will need to be more firm than it requires on faster surfaces when it should be caressed by the fingers leading to a more delicate delivery. The movement is slower, the backswing shorter accompanied by a graceful follow-through in a single gliding movement.)*
6. Having estimated weight by looking at the jack, keep your eyes firmly fixed on the "shoulder" of the intended arc of your delivery. Keep your head down until after you have released the wood.
7. Practise, practise, practise and try to become proficient in all shots of the game. Remember that there is a perfect weight and green combination for every shot attempted and nothing gives more satisfaction than a successful shot combining both elements.
8. Always be positive when you step on to the mat. Have confidence in the shot you have decided to play.
9. Always stand well back from the mat while your opponent has possession. Never be over-eager to play your shot, Take your time to fully assess the position before you bowl.
10. Use the mat and the jack intelligently. Always have a sound reason for every tactical move you make.
11. Remember that bowling is a team game. *(There is no "I" in "TEAM".)* Four players playing their own game, no matter how individually talented they might be, will never be a successful side.
12. While the Skip is in overall charge and has the final say, his/her main responsibility is to have the team playing for each other. When the Skip leaves the head, No3 takes over control of the head. If the head is changed before a Skip is to deliver his/her wood, any advice from No3 about what shot to play must be taken seriously.

If you have any particular problems on which you would appreciate the advice of one of our Club Coaches, please do not hesitate to contact either Des on 0116 269 6548 or Ken on 2606743.

President Janet Lowe

A BIG THANK YOU to everyone who made my President's day just great. Thanks to the Ladies' Committee who did all the food (*delicious*), Marjorie Clowes who did the flowers (*wonderful*), Sheila Parker who organized the game (*plenty of laughter and banter*), all the men who helped with the tables and the bar (*could not have done it without you*), the sun for shining and everyone for turning up. *You made my day.*

PS You also all made £183.00 for charity.

Lady President's Day 2015 concluded

all this, she has never changed. Janet has always been one of the first to step forward when help is needed, whether it's making cakes for a social event, attending meetings of the various Ladies' committees, joining in with meetings and visits with the Garden Group, recruiting new Members to join the

Club and, latterly, as a member of the Club's Board of Directors. Janet is always there for the Club and for other people.

I know you enjoyed your day, Janet, and we all hope to have many more years sharing our love of bowling with you. Thank you!

Bar service

Members are asked to note that, in accordance with current insurance arrangements, only those Members specifically nominated by the Board of Directors are permitted to serve drinks from the Bar. Anyone not on the approved list may only serve while under the direct supervision of a nominated Member.

The list of Members currently authorised to serve and/or supervise is as follows: **Pete Murray, Myles Clare, George Dodge, Roy Hill, Jan Holmes, Dave Hudson, Ken Renshaw, Kate Toon and Julie Warrington**

Any Member wishing to be considered for inclusion on this list should first consult Bar Director, Pete Murray.

We now face a wait to see if we do manage to achieve promotion. Thanks to everyone who bowled for us and produced such a good Season. I hope next Season to do as good a job and, whatever decision is taken about promotion, hope to be able to do as well again in 2016.

FINANCE MATTERS

“Wrapped up”

Flexible income options have risen in popularity since the introduction of new pension freedoms.

New figures published by the Association of British Insurers (ABI) have provided an early insight into what people are choosing to do with their retirement savings following April's radical changes to pensions.

Although it's early days, predictions that the reforms would lead to more people choosing income drawdown – a pension wrapper where savings are left invested – appear to be well-founded. In 2012, when annuity purchases were at their peak, income drawdown accounted for less than 10% of retirement income solutions. The popularity of income drawdown has now risen to a point where the amount of new money invested exceeds that put towards buying annuities.

The ABI figures show that, in the first two months of the new pension freedoms, savers used £630 million to buy annuities, while £720 million was invested into income drawdown plans.

We're only a few months in, but clearly income drawdown is finding favour with people who want to keep their pension fund invested in a flexible wrapper, but annuities still have a role to play, and the figures back this up.

The reforms also allow retirement savers to bypass annuities and income drawdown altogether and dip into their savings by taking cash directly from their fund – an option known as an 'uncrystallised funds pension lump sum'. This is the alternative income solution Chancellor George Osborne alluded to in his Budget speech in March last year, when he said that savers would be able to use their pension pot “like a bank account”.

Pension savers choosing this method withdrew over £1 billion in April and May, with the size of the average pot being £15,500. Over the same period, payments totaling £800 million were taken via income drawdown through 170,000 withdrawals.

Sensible seniors

The ABI says the figures show that those with smaller pension pots are those typically cashing out, whilst those with more substantial pots are using the accumulated funds to buy an income which, is the responsible approach. Given the tax implications of withdrawing large amounts, it's encouraging to see that it is mostly smaller pots being taken as lump sums. In reality, smaller pots will not provide much of a significant income boost over the course of retirement, so it makes sense for many people to use their funds in other ways.

However, some people are still making bad decisions. I agree that people should be trusted with their own money, but there are hidden dangers when drawing down a pension – especially in terms of Income Tax liability and the annual allowance. These are irreversible decisions and vitally important to get right, so people should always seek advice first.

If you would like to discuss any of the issues raised in more detail, please do not hesitate to contact me. To provide you with an introduction to our company and to outline how we believe we can help you to grow and protect your wealth, contact Pardeep Singh Narwal on 0116 319 0084 / 07956 972 789 or email pardeep.narwal@sjpp.co.uk for a free no obligation meeting.

GARDEN CLUB

The visit to Burghley House in August proved to be very popular. Originally, 21 people were listed but two had to cancel due to illness. As usual, the biggest problem was having sufficient transport for so many people as there were only four cars and drivers. It was a very warm day and to accommodate everyone meant three of the cars had to have three passengers in the back which wasn't ideal for a comfortable drive on such a warm day. However, we all arrived safely and enjoyed the visit very much. Several people thought it was the best venue we had been to so far.

In view of the above problem with transport, I would like to thank Stan Page particularly for always being so reliable on every occasion and also Dave Hudson for stepping into the breach on several occasions this year, thus allowing us to transport everyone. George and I always enjoy sharing these visits with friends so we hope we can continue to have many more.

However, I must emphasise that on any occasion when there are too many people and insufficient cars, the regular members of the Garden Group, most of whom have supported us right from the beginning, will always get preference.

Details of the next meeting and venue will appear on the notice board in due course.

PLEASE NOTE THAT NUMBERS 50 TO 59 WILL BE ADDED TO THE LOTTERY DRAWS FROM OCTOBER. ANY MEMBER WISHING TO ACQUIRE ANY OF THESE ADDITIONAL NUMBERS SHOULD CONTACT VAL FOREMAN.

A ROLLOVER WILL BE DECLARED IF ANY UNALLOCATED NUMBER IS DRAWN AS THE BONUS BALL.

Marjorie Clowes A tribute

The Board of Directors have received, with deep regret, the resignation of Marjorie Clowes on grounds of increasingly poor health.

One of our longest serving Members, Marjorie has consistently been at the active heart of the Club, serving in many capacities over the years both in the Ladies' Section and the "joint" Club committees. For the past six years, she has held the post of Facilities Director, supervising the upkeep and cleaning of the clubhouse, its furniture and fittings and supply of associated materials and equipment. Her selfless dedication and commitment to the wider interests of the Club over many years serve as an example to us all. As a measure of the high regard in which she is held, she was invited to perform the official opening of the new extension in 2014. While expressing our thanks and appreciation for her very significant contribution to the development of the Club, we offer our fondest best wishes to her for her future health and well-being.

It's time to get your Power of Attorney sorted!

More timely advice from Club Patrons

If you became seriously ill or incapacitated who have you appointed to look after your affairs? It is important that you appoint somebody that you trust to do this for you whenever you are unable to do so now or in the future.

Whilst you are fit and well you normally have no problem going about your normal everyday affairs. But what if you were to be injured and became incapacitated as a result; or what if you became seriously ill? Who can now look after your financial affairs?

Many people think that their spouse, son or daughter could: and it often comes as a shock when they discover they cannot. These things become even more self evident when someone is no longer of sound mind, e.g. Alzheimer's or a coma. This is not the time for loved ones to find out that they have little or no power.

Your bank accounts can be frozen (even joint accounts in some cases) and other investments can become difficult to access. Unpaid bills could start to pile up simply because nobody has the LEGAL authority to act on your behalf.

It can become very trying for loved one to look after your day to day finances especially where your signature or other ID is required.

SO MAKE IT EASIER FOR THOSE PEOPLE YOU CARE ABOUT AND SET UP YOUR LASTING POWER OF ATTORNEY NOW.

THE DIETER'S PSALM

Strict is my diet, I must not want
It maketh me to lie down at night hungry
It leadeth me past the refrigerator.
It trieth my willpower and wins!
It leadeth in the paths of starvation for my figure's sake.
Yea though I walk through aisles of pastries
I will buy no chocolate eclairs for they are fattening.
The cakes and the gateaux, they tempt me.
A table is set before me with green beans and lettuce.
It filleth my stomach with fibre.
My day's quota's more than enough!
Surely, calories and weight charts will follow me all the days of my life
And I will dwell in fear of scales forever.

METHUSELAH'S DIET

Methuselah ate what he found on his plate
And never, as people do now,
Did he note the amount of the calorie count.
He ate it because it was chow.
He wasn't disturbed as at dinner he sat,
Devouring a roast or a pie,
To reflect it was full of saturated fat,
Or a couple of vitamins shy.
He cheerfully chewed each species of food,
Unmindful of trouble or fears
Lest his health might be hurt
By some fancy dessert
And he lived over nine hundred years.

CLOSE SEASON (WINTER) SOCIAL PROGRAMME

A great deal of time and effort has gone into the planning and delivery of this programme. Surplus revenues from close Season activities help to keep membership subscriptions low. **PLEASE** make every effort to support the Club through active participation in as many of the social events as you can.
 Keep this copy for reference but do keep an eye on the main clubhouse noticeboard for further details of each event. Wherever possible (and requested) please register your intention to attend in order to help us to ensure that catering is provided for accurate numbers.

COME AND HAVE SOME FUN during Winter's miserable days!
